AND THE

**DEADLIEST  
MONSTER'S MESS**

**LOWER PRIMARY RESOURCE**

# PLAY & PAUSE

This resource complements the Pedro and the Deadliest Monster's Mess Virtual Show. It contains prompting questions to help your students explore and think critically about the events in the video. You can pause the video at the time stamps indicated and have a discussion, or return to them after the show.

## Activity

- Flash the image of a smooth-coated otter (attached in the next page)
- Ask and facilitate the following questions
  1. What do you see on the otter that interests you?
  2. Where do you think it lives?
  3. I wonder what food it eats.

## Activity

- Open this [link](#) with your students
- Ask and facilitate the following questions
  1. What do you think is going on here?
  2. How do you feel when you see this happening?
  3. If you were present that day, what do you think you will do to help?

15:29

## Activity

- List the benefits and problems of plastics that we use in our daily lives

### Extend the learning!

- Research and discuss about plastics
- Find out what are microplastics and how they affect marine animals
- Discuss on creative ways everyone can do to reduce plastic waste
